

PINNACLE
PHYSICAL THERAPY

Outpatient Family Owned Practice in Beautiful North Idaho

Now Hiring

We are looking to expand and add a new therapist to our team! We are located in beautiful North Idaho and our area offers a wonderful environment to raise a family and enjoy the incredible outdoor activities. The Coeur d'Alene area is known for having a wide variety of recreational activities; from mountain biking, hiking, skiing, and fly fishing to kayaking, floating the river and boasting one of the world's largest floating greens at the Coeur d'Alene Resort's golf course. We were voted "Best Physical Therapy Clinic" by the North Idaho Journal 2 years running!

We offer a competitive salary package with excellent benefits that include **paid time off**, **401K opportunities**, and generous **continuing education allowances**. We focus on encouraging our therapists to practice their profession in an autonomous environment where there is a team of skilled therapists working side by side. We offer a mentorship program, and our therapy team strives to learn from one another. Utilizing skillful manual therapy techniques and therapeutic exercise interventions are very important to us and our patients. We market aggressively through social media and to the community to promote PT intervention first for musculo-skeletal problems. We want patients to access us directly! An ideal therapist would be one who brings unique skills and personality to our team and wants to grow themselves. New graduates are welcome and will prosper through our learning environment.

As our privately owned physical therapy clinic expands, we are offering opportunities for advancement both clinically and professionally with business management positions.
