

GENDER, WOMEN'S & SEXUALITY STUDIES

The Gender, Women's & Sexuality Studies (GWSS) major offers new courses and personalized degree options to meet your educational goals. Issues of justice, social and economic transformation, and agency are central in the GWSS curriculum.

You'll examine gender and sexuality as they intersect with other relations of power, such as race, indigeneity, class, nationality, religion and disability. Our expert faculty will help prepare you for leadership positions in your communities and along your career paths.
